Year 5 Writing Fluency

Week Beginning 1st March 2021: Lessons 1-3

Remember to watch the video that goes with each lesson.

Lesson 1 - LO: To learn to use letter strings to spell unknown words.

Write the letter string after the word beginning. One has been done for you (neighbour).

Word endings	Word beginnings
-our	c
-our	pol
-our	not
-our	pract
-ight	pr
-ight	sp
-ight	spl
-ight	tw
-ight	thr
-ight	fav
-ight	neighb<u>our</u>
-ice	lab
-ice	we
-ice	fre
-ice	l

b

Lesson 2 – LO: To understand the function of paragraphs in organising texts.

The last piece of the text has not been divided into paragraphs. Help the reader by deciding where the paragraphs must go.

1. Re-read the text.
2. Write // where the new paragraphs starts (there should be 3 altogether).
3. Write a note on what each paragraph is about next to the text.

The cage must be cleaned thoroughly every week. The rats' bed must be kept clean. Your rats will enjoy being brushed gently with a very soft hairbrush. If your rat becomes unwell, you should take it to a vet to be treated. Do not delay as rats can become seriously ill very quickly. The National Fancy Rat Society holds shows across the country. You can show your pet rats and perhaps win a prize. You can get information about shows on their website 'www.nfrs.org'.	

Lesson 3 – LO: To learn strategies for spelling unstressed vowels in polysyllabic words.

1. Find the words hidden within the words below:

carpet	definite	geography
hospital	mathematics	interest

A mnemonic is a way of remembering spellings. For example, *'I am in my family'* to help remember the 'i' in the word fam/i/ly.

2. Think of a mnemonic for the words **mathematics** and **geography**.
