

Year 6

Home Learning Pack –

Learning Question

Week 8

4th – 5th March 2021

PLEASE READ BEFORE STARTING

YEAR 6 – Learning Question pack

This is your final pack for home learning and is for **Thursday 4th March** and **Friday 5th March 2021**.

A guide to this pack:

- There are two days of Learning Question work.
- All activities are based on your LQ home learning.
- There will be no videos for these lessons, but you may wish to refer to the videos on YouTube to help you revise.
- Keep this pack safe and make sure you bring it into school on Monday 8th March with all work completed to the best of your ability.

Any questions, please email year6@mpjs.org.uk

We look forward to welcoming you back to school very soon! 😊

Here are the links to the LQ videos which you may wish to revisit:

Thursday 4th March and Friday 5th March 2021

ACTIVITY 1:

For the next two days you will revisit our first home learning LQ:

How does lifestyle affect your body?

For activity one, write the LQ in the centre of a blank piece of paper (use the sheet below). On your paper write everything you remember about this Learning Question.

The images below are there to prompt your memory. Make sure you do this activity first before you complete your mind map in activity 2!

We will want to see both pieces of work.

ACTIVITY 1:

ACTIVITY 2:

Now that you have all of your ideas on paper, how can you organise them clearly?

One way is to use a mind map to organise what you know.

Here is an example of a mind map about health. You will see that the main ideas stretch out like the branches of a tree.

The main topic is in the centre, then each big branch leads to smaller branches which give more information about the details.

Here is another example of a mind map to show knowledge about the digestive system:

ACTIVITY 2:

Your task:

1) In the centre of your page write our Learning Question:

How does lifestyle affect your body?

2) Around the edges of the LQ write each of the Micro Questions for our topic coming off of separate branches.

**What is a balanced diet?
What is a drug?
Why is exercise important?
Why is sleep important?
Why is hydration important?**

3) Add as much detail as you can about each MQ.

4) Add any pictures that will help you to demonstrate what you know/remember about each MQ.

5) Try and make your mind map colourful. Can you use a different colour for each branch to the different micro questions?

There is a spare sheet at the end of the pack if you would like to make a final draft of your mind map.

We look forward to seeing your mind maps when you bring your packs in with you next week!

ACTIVITY 2:
